

A JOINT RECRUITMENT INITIATIVE BETWEEN
UA LOCAL 98, MCA DETROIT, & UA LOCAL 636

Unity • Leadership • Strength

WE OFFER

CAREERS.

NOT JOBS.

(MOTIVATED CANDIDATES ONLY)

PIPEFITTING

APPRENTICES WANTED

Our (easy) 4 Step Process:

SCAN

Step 1 - Learn

Utilize this flyer to learn about the skilled trades.
QR Codes on the back!

Step 2 - Apply

Follow the steps on the site to get your application fully submitted.

Step 3 - Test

Don't panic... just take the test. If you need help, we can make that happen.

Step 4 - Interview

We want to meet you and chat about your future in the trades.

An apprenticeship through the United Association's 636 and the Mechanical Contractor's Association of Detroit is the first step to building a career with endless possibilities!

Trade school is a parallel path to college, however unlike traditional colleges or universities, this schooling is fully funded. On top of a debt-free education, Apprentices are paired with contractors for their dedicated on-the-job training, where they earn a paycheck (with scheduled hourly rate increases), while they learn!

Apprentices will also earn 30-38 college credits towards an Associate's Degree of Applied Science from a local community college.
